Rev. October 2016

**Be Prepared**

**Serving the Greater  
 Kansas City Metro Area**

## Preparedness Through Partnership

Partnership for Emergency Planning, PEP, is a partnership of private businesses and public sector service agencies. It is a public/private partnership of individuals who come together to share and become better prepared to respond to an emergency and recover from a disaster.

PEP was founded in 1989 as a non-profit organization dedicated to emergency planning issues in the metropolitan Kansas City area. Membership has expanded over the years and now includes hospitals, school districts, municipalities, federal, state and local emergency management associations, and some of the largest corporations in Missouri and Kansas. Membership representation extends out from the core of Kansas City to outlying regions.

PEP maintains a goal to facilitate the exchange of information between the private and public sectors and promote community-wide awareness of the importance of emergency planning and disaster recovery.

## Purpose & Objectives

### PEP Primary Focus Areas

- ▶ The protection of employees and assets;
- ▶ Maintaining business continuity through mitigation, crisis management and recovery following a disaster or unforeseen event.

### PEP Objectives

- ▶ Facilitate resources for members to:
  - Collaborate with others in the disaster/emergency planning process;
  - Present information concerning public service agencies and recovery interactions; and
  - Share resources and lend assistance between agencies and companies.
- ▶ Assist in the emergency /disaster planning process through education and communication of critical information.
- ▶ Promote a broader understanding and awareness of the need for and value of advanced planning.
- ▶ Conduct educational seminars, conferences and meetings.
- ▶ Promote programs and activities that foster cooperation between private companies and public sector agencies.

## Membership Benefits

- ▶ Educational meetings hosted FREE or at a nominal fee to members. Each program meeting will include a topic relevant to the objectives of the organization with potential for continuing education credit.
- ▶ [www.pepkc.org](http://www.pepkc.org) – Comprehensive web site offering emergency preparedness information and relevant topics for public and private sector contingency planners, emergency managers and others.
- ▶ Networking opportunities with emergency and disaster planning professionals.
- ▶ Opportunities to serve by volunteering with committees and the PEP board of directors.

### Membership

Compared to most professional organizations, Membership in PEP is refreshingly affordable. Join online at [www.pepkc.org](http://www.pepkc.org). Corporate (up to five employees for just one fee) or Individual Membership Fee is:

**ONLY \$50.00/Year**

Membership is complimentary for students currently enrolled in related fields.
